

1.3 Feedback

During the interim presentation, we asked for the professor's opinion, and they provided constructive feedback. The comments highlighted the relevance of the project's goal. Subsequently, the professor helped us by encouraging us to carry out a clear performance evaluation of the model.

Bullet Point Format

- We sought the professor's opinion during the interim presentation.
- The feedback received shed light on the relevance of our project's goal.
- At a later stage, the professor helped us by encouraging us to perform a clear and precise performance evaluation of the model.
